

Student ThinClient Instructions for Android – Ascent Academy

1. (First time only) Go to the Play Store and search for 'Microsoft Remote Desktop'.

2. Download the app. Once the Microsoft Remote Desktop App is downloaded, open it and click the '(+)' icon in the top right-hand corner.

3. Fill out the form following the screenshot below. Where it says 'firstname.lastname', you will need to fill out your own first and last name (It is the same user name and password you use to log in to your computer).

REMOTE PC

Connection name
Ascent Student Remote Desktop

PC name
sremoteapp.ascentutah.org

Optionally append port information to the PC name (MyDesktop:3389 or 10.0.0.1:3389)

Gateway
No gateway configured

CREDENTIALS

User name
ascent\firstname.lastname

Password
.....

User name
Domain\user

Password
Password

Make sure this is spelled correctly!
sremoteapp.ascentutah.org

Example: john.doe for John Doe

4. Your screen should now look like the picture below. Click on the 'Ascent Teacher Remote Desktop' line and you should be logged in to the ThinClient desktop.

Microsoft Remote Desktop
